TRUTH TRIUMPHS

Norway Citizens Testify for the Public Benefit.

A truthful statement of a Norway citizen, given in his own words, should convince the most skeptical about the merits of Doan's Kidney Pills. If you suffer from backache, nervousness, sleeplessness, urinary disorders or any form of kidney ills, use a tested kidney medicine.

A Norway citizen tells of Doan's Kidney Pills.

Could you demand more convincing proof of merit?

E. C. Libby, deputy sheriff, Sanborn St., Norway, says: "I had backache and it annoyed me to do anything. Not only this, but my head ached very often. I noticed little specks before my eyes and my sight blurred. I used various medicines, but it was left for Doan's Kidney Pills to give me lasting results. Since using them I have had no return of the complaint."

E. E. WITT, Manager

Plymouth Woman Anxious to "Do Her Bit," Freely Talks So That Others May Benefit

"I recommend Tanlac because it has done me more good than any other medicine I have ever taken, and because I am quite sure that it is the best medicine on the market."

This one sentence is worth a volume of praise for it is given by a woman who would not recommend anything unless she was sure the product should be recommended. It is a statement of gratitude, for this woman was suffering, and she was given relief by Tanlac, hence she is more than glad to tell others of the benefits she derived in hopes that they too will benefit by her experience.

Mrs. M. Tilton, of Plymouth, Maine, is the giver of this statement. Her story in her own words follows:

"I suffered from stomach trouble for some time," she explained, "Always after eating I would have pains in my stomach and a very heavy feeling. I was unable to get enough sleep to keep me going through the day. Intense spells of gas on my stomach, kept me suffering both night and day. Quite naturally I was getting in a run-down condition."

"Tanalac was recommended to me by a clerk in one of the Plymouth stores, who told me it had helped him for stomach trouble so I decided to give it a good trial."

"The results were wonderful. 'I can now eat almost anything and my stomach is in such a good condition that it is able to digest anything I eat. My nights are much better now for I have no trouble in sleeping. I no longer have those terrible spells of gas on my stomach and I am feeling better in every way.'

"I now have no hesitancy in recommending Tanlac because it certainly helped me lots and I think that Tanlac is the best medicine on the market."

"Mrs. Tilton is just like hundreds of other men and women of Maine," said the Tanlac Man. She is anxious to "do her bit" and although she seldom recommends anything publicly, she admits that she feels as if everyone should know of the good qualities of Tanlac, the purely vegetable tonic that has helped so many thousands in the United States who were suffering with stomach disorders, kidney and liver trouble."

Tanalac now is being specially introduced in Norway at F. P. Stone's drug store. There is a Tanlac agent in every town. Nearby Tanlac agents are: South Paris, C. H. Howard; Harrison, Eugene Tenney; Bridgton, F. E. Stevens; Waterville, L. R. Rounds; East Waterford, R. E. Pinkham; West Paris, S. T. White.

OXFORD ASSOCIATION OF CONGREGATIONAL CHURCHES
Owing to the heavy rain, bad roads with bridges gone and sickness, few delegates attended the annual meeting of the Oxford Association of Congregational churches held with the Second Congregational church, Norway, Tuesday and Wednesday, June 12 and 13.

The regular program was not carried out, but the meetings proved helpful and repaid those who braved the elements. The scribe, Hon. W. H. Eastman of East Sumner was detained by illness in his family and Philip F. Stone was chosen pro tem. The conference records were also held up and this greatly handicapped all business proceedings and no session was held during the forenoon.

The meeting formerly opened at 2 o'clock with Rev. Andrew T. McWhorter as moderator. So few churches were represented that their report was omitted and the sermon followed, delivered by Rev. Malcolm McKay, Oxford, in place of Rev. M. O. Baltzer, Mexico. Mrs. R. J. Bruce conducted the Woman's Hour with Mrs. W. B. Johnson of Portland, representing the Woman's Home Missionary Union as speaker. She gave an interesting account of work among the foreigners and cited many cases where Christian influence developed wonderful characters and substantial citizens.

Col. A. J. Stearns, Norway, spoke on "The Church in a Nation of War." This was a characteristic address and a strong appeal from one conversant with military affairs. It is the churches' duty (collectively and individually) to support the government in this crisis, to give every way the conscience or material circumstances will permit. "The church in the Reconstruction of the Nations after War" was given by Rev. A. T. McWhorter, South Paris, in place of Hon. James S. Wright who was unable to be present.

Rev. Mr. Ritta, pastor of the West Paris Finnish church, spoke through an interpreter in an interesting way, describing his work with its successes and failures, among a people who send their children to our public schools to make them into prosperous citizens. Acquiring a workable English education is a passion with the children and fitting up a home free from incumbrance next.

The sermon Tuesday evening was by Rev. C. A. Moore of All Souls Congregational church of Bangor. His subject was on liberty the demand of the present day in regard to the world war. He reviewed in a general way the war in progress to-day, pointing out many of the incidents and world happenings which have led up to the present crisis. He showed how America has been sleeping, putting off the thoughts of war until it has actually come upon us and now American people must learn to take orders from their officers and obey them, working together to bring victory. It has come to a time when Germany has proved herself our enemy, and docility on the part of America has ceased to be a virtue.

Three questions become uppermost, 1st Is it right to fight? 2nd, Is it right to fight it and 3rd, If it is right to fight, shall we fight with one hand or shall we fight with both hands.

In expounding the 1st question "Is it right to fight?" he showed by examples the meanings of the teachings of Christ the teachings of peace, meekness and the turning of the cheek where no moral question is involved, but he did not say men should sacrifice morals nor did he decree that the sword should not leave the scabbard. His goal is not to leave confusion, men cause that. If it were not for laws and the knowledge that there was armed force there would be pillage and plunder. A time will come when nations will decide questions and not by the sword. War is at present the highest court where the case is tried. For a nation not to defend its citizens would be irrelevant. Peacekeepers are not the ones who avoid war because there are times to fight.

On the 2nd question, Is it right to fight, now? he questioned whether we believed ourselves right and cited incidents in regard to the freedom of the seas, the sinking of the merchant ships, and the spies sent against our commerce and industries even before the war. It is one of our business what kind of government there is in Europe so far as they mind their business. It is not for friendship's sake, this war is come, it is a conflict of humanity vs. inhumanity. Outrages have been a scheme and been fought for two generations and studied for years. It is right to fight now.

The 3rd question, If it is right to fight now, shall we fight one handed? We are losing time and the government is being hectorated which is poor business. It is everyone's place to stand together and work together for the situation is extremely grave. Each must do his part in regard to enlistments, the buying of the Liberty loan. The people of America are still sleeping and must be aroused, our money must be loaned, our armies must be filled, the farms must be made to yield and the kitchen must economize for the sake of liberty and freedom. If every means must be used in preparing for a war, a devotional service opened the session Wednesday morning at 9:30. Business followed but little was done, owing to the lack of records and absence of committees. Rev. W. C. Curtis, Bangor, gave an historical address on the Revival of the Church of the Reformation. He reviewed church history from Teller early in the 14th century Constantine to Luther and Pliny who laid the corner stone of Protestantism one hundred years or more ago. The corruption in the established church of the time was a factor that contributed more strongly to a wave of Protestantism than did the Revival of Learning. Spirituality implanted by God in the minds of a few saintly friars caused a yearning for something beyond mysticism, some priesthood. The preaching of this reform first the latent spiritual powers men bringing to the world a new thought regarding God and his dealings with people.

A Biographical Paper, Dwight L. Moody, was read by Eva Walker, South Paris, following which Mrs. W. B. Johnson gave a brief address. In the afternoon Mrs. Andrew T. McWhorter led the devotional prayers. A short business meeting followed that included a report of the committee on resolutions and a motion carried to send W. H. Eastman and family the association of heart felt sympathy while a son is passing through an operation for appendicitis.

Eugene N. Swett, Norway, was chosen moderator and Hon. Alton C. Wheeler, South Paris, treasurer for the ensuing year. W. H. Eastman was re-elected scribe. Roll call was postponed until October, owing to a small church representation.

Rev. Robert J. Bruce preached the consecration sermon, subject "Visions," text "I was not disobedient to the heavenly vision." Acts 26:19. He said "Evangelizing worth while that had ever been done came from a vision, a mental picture or spiritual conception. The broader or finer that conception, the greater and more useful the material product."

While Paul was a great man in Judaism yet he proved the greatest in that age after his spiritual senses were opened and the wonderful glory applied both to the Jew and the Gentile. Preaching Jesus Christ throughout the known world was changing a passive visual conception to a material reality that has lived on through the centuries enlightening millions, while his contemporaries are known only to a comparatively small number."

The services closed with communion in charge of Rev. W. C. Curtis. Dinner and supper were served in the dining room by the ladies of the church and entertainment given in their homes.

CLIMBED STAIRS ON HER HANDS

Too Ill to Walk Upright. Operation Advised. Saved by Lydia E. Pinkham's Vegetable Compound.

This woman now raises chickens and does manual labor. Read her story: Richmond, Ind.—"For two years I was so sick and weak with troubles from my age that I was unable to get up stairs I had to go very slowly with my hands on the steps, then sit down at the top to rest. The doctor said he thought I should have an operation, and my friends thought I would live to move into our new house. My daughter asked me to try Lydia E. Pinkham's Vegetable Compound as she had taken it with good results. I did so, my weakness disappeared. I gained in strength, moved into our new home, did all kinds of garden work, shoveled dirt, did building and cement work, and raised hundreds of chickens and ducks. I can now say in praise of Lydia E. Pinkham's Vegetable Compound and if these facts are useful you may publish them for the benefit of other women."—Mrs. M. O. Grange Affairs

Bear Mountain Grange met in regular session on Saturday evening, June 9th. The Worthy Overseer, W. K. Hamlin, presided over the meeting in the absence of the master and L. E. McIntire acted as overseer. A communication in regard to the "Junior Volunteers of Maine" was read and some discussion followed.

The literary committee were not present and the worthy lecturer gave the following question for general discussion: How shall we reduce the high cost of living? Ossie Decker was called upon to open the talk and was followed by L. E. McIntire, W. K. Hamlin and others.

The consideration of this problem brought so many ideas to the minds and tongues of the brothers that, while they were apparently all of the mind that the sisters knew much more than they of the practical solving of this, there was short time for them to present any solution when the brothers were at last (apparently) ready to yield to them the floor.

However, it was hinted that after a few weeks for preparation the sisters may be given another opportunity and doubtless by that time they might have a few ideas worth listening to. The next regular meeting will be on Saturday evening, June 23rd at 8 o'clock.

FRYEBURG

Died Suddenly

Avery Hall, a man about 70 years old, who resided over the line in Conway, died very suddenly Friday night. Mr. Hall went to the stable to feed his horses and evidently felt illness coming on, for he opened the grain bin and went to the house and said to his housekeeper, "I believe my wind is shut off," and leaned against the wall. Immediately his feet slipped beneath him, he fell to the floor and was dead when he was put on the couch.

Mr. Hall was a farmer and since he separated from his wife a few years ago (who has since died) has been alone much of the time, fortunately at the time of his death, he had a housekeeper as he might have laid several days, having no near neighbors.

Mr. Hall was rather eccentric, a man of strong convictions and had but few to whom he confided in. He left a good house, some timber lots and a good bank account.

The most successful food sale was held at the home of Mrs. J. W. Hutchins, Main street, Friday, by the ladies of the Universalist parish. Seldom does one see such a display of tempting viands and every particle was sold instantly.

Several are in Portland attending the G. A. R. Day's meetings this week. M. M. Smart and wife, W. R. Tarbox and wife, T. L. Eastman and wife, Mrs. Phoebe M. Hatch, Mrs. B. T. Newman and Mrs. Mary Pessenden being among the number.

Mrs. Charles Warren and daughter are guests of Mrs. Tibbetts at Ye Inn for part of the summer. Postmaster John Hutchins and family motored to Cornish Saturday night and spent the day Sunday with R. F. Chase and wife.

Sarah Walker is more comfortable. She has a trained nurse, Miss Richardson from North Conway.

Eben Fox and wife are guests at his son's, Charles Fox and wife, Main street. Mr. and Mrs. Fox spent three months in Florida.

Harold Shaw, wife and daughter were in town Wednesday on their way to the Mountains. Mr. Shaw is president of Kent's Hill Seminary and resides in Portland.

With registration last week, Red Cross work and the regular functions, every one worked over time.

ALBANY

Albany Line

Mrs. Wm. Fiske visited her brother, Wm. Green, and mother, last Friday at South Waterford. Mrs. Green is a very smart woman of her age and is about the house a great deal, although her limbs are a trifle weak.

Mrs. Charles James of Albany was in town, buying eggs, Saturday. Her daughter, Mrs. Harry Godfrey and two children from August and Mrs. Gladys Swan and three children are visiting her at present.

Wm. Fiske is ahead of his neighbors in planting as usual. His ground is very early and the best corn ground in town. Mrs. Ernest Brown has made over sixty pounds of butter the past week. She sends the most of it to her school and gets a fancy price for it. It is a L. I. Freeman Stanley of East Waterford was this way on business, Saturday.

Walter Lord carried a very large load of calves to Paris, Saturday and drove a large herd of cows and oxen for George Kimball. The milk he has taken yet.

Ernest Brown is to pasture the town farm oxen this summer, also some for Merritt Sawin and Bert Leonard. It is the smoothest and best pasture in town, being a part of the George French farm.

Mrs. Jessie Littlefield was here looking for her boy and another one who had gone fishing Saturday and failed to return home as she expected. But they turned up all right at last at Wm. Fiske's. Mrs. Littlefield went to Lovell to see her sister, Mrs. Sidney Hatch of Lovell. Mrs. Hatch has been ill for some time and does not gain very fast.

Mrs. Fred Ray is suffering with erysipelas in the face.

Walter Lord carried two school teachers from North Waterford, Wednesday to Norway, to visit the schools there. Mrs. E. K. Shedd went with them and visited at Mrs. Wm. Morton's.

Mrs. Mattie Lord is still in Bridgton with her mother, who is very low.

We understand Samuel Lebroke has recently refused ninety dollars for a pair of spring calves. They are fine ones, Red Durhams.

Mrs. E. K. Shedd had the misfortune to lose a number of nests of chicks that were hatching by a brood sow getting into the hen house and eating them up.

They were of "The seed of Abraham", a fine registered bird, Rhode Island Red. A former owner, Rev. F. B. Lyman of North Bridgton had at one time we understand, refused twenty-four dollars for him. Mrs. Shedd's sister, Mrs. P. O. Charbonne bought him of F. B. Lyman and after raising a number of chicks sold him to Mrs. Shedd this spring. The father bird is the Cypher breed.

OXFORD

High School Graduation

The graduating exercises of the class of 1917, Oxford High School, were held Friday afternoon in Robinson Hall which was filled with friends and relatives of the graduates. The hall was decorated with bunting of the class colors, blue and gold, and with evergreen and flowers and the class motto, Plus Ultra. Pettingill's orchestra of six pieces furnished excellent music during the program both afternoon and evening and for the dance which followed.
